Kumite Referee & Judge Examination Guide

Questions 101 to 150 — Official True/False Analysis, Rulebook Articles & Verbatim Citations

Rules Version 2026.01 • Comprehensive English Legal Reference

OFFICIAL WKF EXAMINATION PRINCIPLE:
"The answer to a question is true only if it can be held to be true in all situations; otherwise, it is considered to be false."
This volume provides rigorous legal grounding and verbatim rulebook excerpts for Questions 101 through 150.

2. IN-DEPTH QUESTION-BY-QUESTION LEGAL ANALYSIS

Full analytical breakdown for Questions 101 through 150 with verbatim citations and official justifications.

QUESTION 101

[FALSE]

Statement: "The Score Supervisor will order the Referee to halt the bout if there is a contravention of the rules."

Official Reference: **Art. 1.8, p. 4 / Art. 15.5.1, p. 43 / Art. 15.2.1(3), p. 42**

> *"Should decisions of the Referee and/or Judges not be in accordance with the Rules of Competition, the Match Supervisor (KANSA) will immediately signal by blowing their whistle. (Article 15.5.1) / To supervise that KANSA stops the bout to instruct the Referee regarding a contravention of the Rules of Competition. (Article 15.2.1.3, Page 42)"*

Rule Justification: The statement is false because it is the Match Supervisor (KANSA) who blows the whistle to stop the bout when there is a rules contravention. The Score Supervisor oversees electronic registration and does not order bout halts.

QUESTION 102

[TRUE]

Statement: "If in a combination, the first technique merits a YUKO and the second merits a penalty, both shall be given."

Official Reference: **Art. 8.3, p. 21 / Art. 10.4.1 & 10.4.2, p. 28**

> *"Only the first correctly executed technique of an exchange will score, with the exception of an effective combination of techniques... (Article 8.3) / Any technique that results in injury or violates rules will be penalised. (Article 10.4.2, Page 28)"*

Rule Justification: A correctly delivered scoring technique does not cancel out a foul committed during the same sequence, nor does a subsequent foul invalidate a prior clean score. Both the score and the penalty must be awarded.

QUESTION 103

[TRUE]

Statement: ""Skin touch" is defined as touching the target without transferring energy into the protective helmet or head of the Athlete."

Official Reference: **Art. 8.9, p. 22**

> *""Skin touch" is allowed in all age categories. "Skin touch" is defined as touching the target without transferring energy into the protected helmet or head of the Athlete. (Article 8.9, Page 22)"*

Rule Justification: Direct verbatim definition from Article 8.9: touching the target without transferring impact energy into the helmet or head.

QUESTION 104

[FALSE]

Statement: "It is not possible to score while lying on the floor."

Official Reference: **Art. 8.2 & 8.6, p. 21 / Art. 8.11, p. 23**

> *"Points are scored by a traditional karate technique with the hand or foot executed with control to the scoring area. (Article 8.2) / IPPON is awarded for JODAN kicks or any legal technique against an opponent whose any part of the body other than the feet is in contact with the mat... (Article 8.6, Page 21)"*

Rule Justification: The rules do not prohibit an athlete who is down on the floor from executing an effective scoring technique prior to YAME, provided it meets all six scoring criteria. Lying down does not automatically invalidate a defensive kick or strike.

QUESTION 105

[TRUE]

Statement: "An Athlete not wearing the WKF approved equipment will be given two minutes to change for the approved type."

Official Reference: **Art. 2.2.14, p. 8**

> *"Athletes that appear at the competition area with unauthorized equipment or irregular Karategi will be given two minutes to correct the attire, and the Coach will lose the right to coach the bout... (Article 2.2.14, Page 8)"*

Rule Justification: Under Article 2.2.14, athletes appearing with irregular attire or unapproved gear receive precisely two minutes to replace it.

QUESTION 106

[FALSE]

Statement: "An Athlete injured in Kumite and withdrawn under the ten-second rule cannot compete in the Kata competition."

Official Reference: **Art. 11.2.4, p. 32**

> *"Any Athlete who lies flat on the floor after a fall, being thrown, or knocked down, and does not fully regain their feet within ten seconds, is considered unfit to continue fighting and will be automatically withdrawn from all Kumite events in that tournament. (Article 11.2.4, Page 32)"*

Rule Justification: Article 11.2.4 explicitly specifies withdrawal from 'all Kumite events in that tournament'. It does not disqualify or bar the competitor from Kata competition.

QUESTION 107

[TRUE]

Statement: "An injured Athlete who has been declared unfit to fight by the Tournament Doctor cannot fight again in that competition."

Official Reference: **Art. 6.1, p. 18 / Art. 11.2.1 & 11.2.4, pp. 31-32**

> *"KIKEN is the decision given when an Athlete or Athletes fail to present themselves when called, are unable to continue, abandon the bout, or are withdrawn on the order of the Tournament Doctor. (Article 6.1) / An Athlete who has been declared unfit to fight by the Doctor cannot fight again in that competition. (Article 11.2, Page 31)"*

Rule Justification: A medical withdrawal by the Tournament Doctor is final and binding for the remainder of that championship to protect athlete safety.

QUESTION 108

[TRUE]

Statement: "If an Athlete behaves badly on the competition area after the end of the bout or match, the Referee can still give SHIKKAKU."

Official Reference: **Art. 10.4.17, p. 30 / Art. 15.3.1(12), p. 43**

> *"SHIKKAKU may be invoked when an Athlete fails to obey the orders of the Referee, displays discourteous behaviour... The authority of the Referee is not confined solely to the competition area but also to its entire immediate perimeter... (Article 15.3.1.12, Page 43)"*

Rule Justification: The Referee's disciplinary authority does not expire at the time-up signal. Unsportsmanlike conduct on the tatami or surrounding perimeter post-bout can be penalised with SHIKKAKU.

QUESTION 109

[FALSE]

Statement: "KANSA has a vote in cases of SHIKKAKU."

Official Reference: **Art. 15.5.5(2), p. 44 / Art. 15.3.1(6), p. 42**

> *"KANSA has no vote or authority in matters of judgments, such as whether a score was valid or not, unless there has been an error in the application of the rules. (Article 15.5.5.2, Page 44)"*

Rule Justification: KANSA oversees procedural rule compliance and does not possess a vote in scoring or disciplinary decisions such as SHIKKAKU.

QUESTION 110

[FALSE]

Statement: "In Male team matches if a team wins three bouts, then the match is over at that point."

Official Reference: **Art. 12.5.4, p. 36**

> *"In Team matches, when a Team has won sufficient bout victories or scored sufficient points to be the established winner, then the match is declared over, and no further bouts will take place, except in Round-robin, where all bouts must be fought. (Article 12.5.4, Page 36)"*

Rule Justification: In Round-robin team competition, all bouts must be fought regardless of early victories. Since the statement is not true in all formats, it is false under examination standards.

QUESTION 111

[FALSE]

Statement: "In Female team matches if a team wins two bouts, then the match is over at that point."

Official Reference: **Art. 12.5.4, p. 36**

> *"In Team matches, when a Team has won sufficient bout victories... the match is declared over... except in Round-robin, where all bouts must be fought. (Article 12.5.4, Page 36)"*

Rule Justification: As in Question 110, in Round-robin team matches, all three bouts must be contested; thus, the match does not terminate after two wins in all situations.

QUESTION 112

[TRUE]

Statement: "If an Athlete seizes the opponent and does not perform an immediate technique or throw the Referee will call "YAME"."

Official Reference: **Art. 7.10(e), p. 21 / Art. 9.1.1(13), p. 23**

> *"When faced with the following situations, the Referee will call "YAME!" and halt the bout temporarily: e) When an Athlete seizes the opponent and does not perform an immediate technique or throw. (Article 7.10 e, Page 21)"*

Rule Justification: Holding without an immediate scoring follow-up or takedown mandates an immediate halt (YAME) by the Referee.

QUESTION 113

[FALSE]

Statement: "An Athlete who commits an act which harms the prestige and honour of Karate-Do will be given HANSOKU."

Official Reference: **Art. 10.3.1, p. 27**

> *"SHIKKAKU is a disqualification from the entire tournament... SHIKKAKU may also be invoked when an Athlete commits an act which harms the prestige and honour of Karate-Do... (Article 10.3.1, Page 27)"*

Rule Justification: Acts harming the prestige and honour of Karate-Do are penalised with tournament disqualification (SHIKKAKU), not bout disqualification (HANSOKU).

QUESTION 114

[TRUE]

Statement: "If an action of an Athlete is considered to be dangerous and deliberately violates the rules concerning prohibited behaviour, the Athlete will be given SHIKKAKU."

Official Reference: **Art. 10.3.1, p. 27 / Art. 10.4.17, p. 30**

> *"SHIKKAKU can be directly given when an action of an Athlete is considered to be malicious, dangerous, or deliberately violates the rules concerning prohibited behaviour. (Article 10.3.1, Page 27)"*

Rule Justification: Malicious or intentionally dangerous actions in direct violation of the rules merit automatic, direct SHIKKAKU.

QUESTION 115

[FALSE]

Statement: "Correctly executed techniques after the time-up signal are valid."

Official Reference: **Art. 8.10 & 8.11(a), p. 23**

> *"A technique is invalid if: a) Executed after the time-up signal or the Referee calling "YAME". (Article 8.11 a, Page 23)"*

Rule Justification: Any technique landed after the time-up signal has sounded is strictly invalid.

QUESTION 116

[FALSE]

Statement: "Correctly executed techniques upon or after "WAKARETE" are valid."

Official Reference: **Art. 8.11(b), p. 23 / Art. 10.1.5, p. 26**

> *"A technique is invalid if: b) Executed upon or after "WAKARETE" before "TSUZUKETE" has been called. (Article 8.11 b, Page 23)"*

Rule Justification: Techniques executed upon or after the command WAKARETE cannot score under any circumstance.

QUESTION 117

[TRUE]

Statement: "At HANTEI, if three Judges signal victory for AKA and the fourth Judge signals victory for AO, the Referee must give victory for AKA."

Official Reference: **Art. 12.2.4, p. 34 / Art. 15.3.1(10), p. 43**

> *"Should the number of IPPON and WAZA ARI be equal, the decision will be made by HANTEI, a final majority vote of the four Judges and the Referee... (Article 12.2.4, Page 34)"*

Rule Justification: With three Judges voting for AKA, AKA already commands a definitive majority of the 5-member panel (4 Judges + Referee). The Referee must award the decision to AKA.

QUESTION 118

[TRUE]

Statement: "Passivity cannot be given to an Athlete having a lead by points or SENSHU."

Official Reference: **Art. 9.1.1(10), p. 23**

> *"Passivity – not attempting to engage in combat (Cannot be given in the first 15 seconds of the bout, after there are less than 15 seconds left of the bout, or to someone having a lead by points or SENSHU). (Article 9.1.1.10, Page 23)"*

Rule Justification: Verbatim rule: passivity cannot be awarded against an athlete holding a point lead or possessing SENSHU.

QUESTION 119

[TRUE]

Statement: "Only the Coach designated for the specific bout is allowed to guide the Athlete from the place allocated to the Coach close to the competition area."

Official Reference: **Art. 1.10, p. 4 / Art. 9.1.5 & 9.1.6, p. 24**

> *"Only the Coach designated for the specific bout is allowed to guide the Athlete from the place allocated to the Coach close to the competition area. (Article 9.1.5, Page 24)"*

Rule Justification: Coaching is strictly restricted to the accredited coach assigned to that specific bout sitting in the official coach box.

QUESTION 120

[TRUE]

Statement: "If an Athlete does not regain his or her feet within ten seconds, the Referee will announce "KIKEN" and "KACHI" to the opponent."

Official Reference: **Art. 11.2.4, p. 32 / Art. 6.1, p. 18**

> *"Any Athlete who lies flat on the floor after a fall, being thrown, or knocked down, and does not fully regain their feet within ten seconds, is considered unfit to continue fighting and will be automatically withdrawn... (Article 11.2.4, Page 32)"*

Rule Justification: Failing to recover to one's feet within 10 seconds results in declaration of KIKEN and victory awarded to the opponent.

QUESTION 121

[TRUE]

Statement: "If an Athlete is thrown and lands partly outside the competition area, the Referee will immediately call "YAME"."

Official Reference: **Art. 7.10(a), p. 20 / Art. 10.4.13, p. 28**

> *"When either or both Athletes are out of the Competition area, with the exception of allowing an Athlete to immediately score on an opponent who has exited the competition area... the Referee will call "YAME!" (Article 7.10 a, Page 20)"*

Rule Justification: Landing partly outside the competition boundary without an immediate scoring follow-up requires the Referee to halt the bout with YAME.

QUESTION 122

[FALSE]

Statement: "The Athlete is not allowed to signal to the Coach to request a video review."

Official Reference: **Art. 9.1.7, p. 26**

> *"The Athlete may discreetly signal to the Coach the wish for them to request a video review. (Article 9.1.7, Page 26)"*

Rule Justification: Athletes are explicitly permitted to discreetly signal to their coach that they desire a video review request.

QUESTION 123

[FALSE]

Statement: "The Athlete should be examined outside the Tatami."

Official Reference: **Art. 11.2.2 & 11.2.4, pp. 31-32**

> *"If physically able to do so, the injured Athlete should be directed off the mat for examination and treatment by the doctor. (Article 11.2.2) / For incidents falling under this 10-second rule, the Athlete may be examined on the mat. (Article 11.2.4, Page 32)"*

Rule Justification: Injured competitors are not always examined off the mat; in serious incidents and 10-second rule situations, medical examinations take place directly on the tatami.

QUESTION 124

[TRUE]

Statement: "KANSA has to blow the whistle if the Judges are holding the joysticks in the wrong hands."

Official Reference: **Art. 15.5.4(17), p. 44**

> *"In the following situations, the Match Supervisor (KANSA) will signal by blowing their whistle: 17) A Judge(s) is holding the flags or electronic device in the wrong hand. (Article 15.5.4.17, Page 44)"*

Rule Justification: Direct statutory duty of KANSA under Article 15.5.4 item 17 to prevent reversed color scoring.

QUESTION 125

[TRUE]

Statement: "Gum-shields are obligatory for all Kumite Athletes."

Official Reference: **Art. 2.2.7(b), p. 8**

> *"The following protective equipment is compulsory: b) Gum-shield. (Article 2.2.7 b, Page 8)"*

Rule Justification: Mouthguards (gum-shields) are mandatory personal safety equipment for every Kumite competitor.

QUESTION 126

[TRUE]

Statement: "After a throw the Referee will allow a maximum of two seconds for a score to be made."

Official Reference: **Art. 7.10(f), p. 21 / Art. 8.6, p. 21 / Art. 10.4.11**

> *"When one or both Athletes fall or are thrown, and neither Athlete manages to immediately follow up with a scoring technique, the Referee calls YAME. (Article 7.10 f, Page 21)"*

Rule Justification: In WKF examination standards and application guidelines, 'immediately' after a throw is defined as a maximum window of approximately two seconds.

QUESTION 127

[FALSE]

Statement: "If an Athlete scores with a strong kick and propels the opponent out of the area, the Referee should award WAZA-ARI and give the opponent a warning or penalty for JOGAI."

Official Reference: **Art. 9.1.3, p. 24 / Art. 10.4.13, p. 28**

> *"An exception is when the Athlete is physically pushed or thrown from the area by the opponent or is exiting after having scored... In such instances, the Athlete scored upon will not receive JOGAI. (Article 9.1.3 & Article 10.4.13, Page 28)"*

Rule Justification: An athlete propelled out of bounds by the opponent's technique or physical momentum is exempt from JOGAI.

QUESTION 128

[FALSE]

Statement: "If an official protest is lodged the ensuing bouts must be delayed until the result of the protest is given."

Official Reference: **Art. 13.1.5, p. 37**

> *"If the protest involves Athletes in an ongoing category, then the next round that could involve the Athletes must be postponed until the appeal is decided. (Article 13.1.5, Page 37)"*

Rule Justification: Only bouts that could directly involve the affected athletes in that ongoing category are postponed, not all ensuing tournament bouts.

QUESTION 129

[FALSE]

Statement: "If the Referee awards a point for a technique which has caused injury KANSA should signal for the bout to be stopped."

Official Reference: **Art. 15.5.5(2), p. 44 / Guidelines for Protests, p. 2**

> *"KANSA has no vote or authority in matters of judgments, such as whether a score was valid or not, unless there has been an error in the application of the rules. (Article 15.5.5.2, Page 44)"*

Rule Justification: Whether a technique caused an injury or had proper control is a matter of judgment reserved for the Referee panel. KANSA cannot intervene in matters of judgment.

QUESTION 130

[FALSE]

Statement: "If the Referee fails to hear the time-up bell, the Scorekeeper should whistle."

Official Reference: **Art. 15.5.1, p. 43 / Art. 15.5.4(7), p. 44**

> *"Should decisions of the Referee and/or Judges not be in accordance with the Rules... the Match Supervisor (KANSA) will immediately signal by blowing their whistle. (Article 15.5.1, Page 43)"*

Rule Justification: It is KANSA who blows the whistle if the Referee fails to hear the bell or signals; the scorekeeper has no such whistle authority.

QUESTION 131

[TRUE]

Statement: "WAKARETE for breaking up a clinch can be given at any time of the bout."

Official Reference: **Art. 10.1.2 & 10.1.3, p. 26**

> *"WAKARETE for breaking up a clinch: To break-up a clinch, using the same gesture as is customary for making the Athletes step back on the TATAMI combined with giving the order "WAKARETE" to temporarily stop the action without stopping the clock. (Article 10.1.2, Page 26)"*

Rule Justification: WAKARETE is an informal warning used whenever competitors clinch or grapple without action, at any point in the match.

QUESTION 132

[TRUE]

Statement: "FUKUSHIN SHUGO is obligatory before imposing SHIKKAKU."

Official Reference: **Art. 10.3.1, p. 27 / Art. 15.3.1(6), p. 42**

> *"SHUGO is obligatory before imposing disqualifications based on time-wasting situations or in order to impose SHIKKAKU. (Article 10.3.1, Page 27)"*

Rule Justification: Consulting the corner Judges via FUKUSHIN SHUGO is mandatory before the Referee can award SHIKKAKU.

QUESTION 133

[TRUE]

Statement: "If an Athlete is injured during a bout and needs medical treatment three minutes will be given in which to receive it, after that the Referee will decide whether the Athlete should be declared unfit to fight or whether more time should be given."

Official Reference: **Art. 11.2.3, p. 31**

> *"An Athlete who is injured during a bout in progress and requires medical treatment will be allowed three minutes in which to receive it... If treatment is not completed within the time allowed, the Referee will decide if the Athlete shall be declared unfit to fight, or whether an extension of treatment time shall be given. (Article 11.2.3, Page 31)"*

Rule Justification: Verbatim reproduction of Article 11.2.3 regarding medical treatment timing and referee discretion.

QUESTION 134

[FALSE]

Statement: "An Athlete who exits the competition area (JOGAI) with less than 15 seconds of bout time remaining will be given a minimum of CHUI."

Official Reference: **Art. 10.4.13 & 10.4.16, pp. 28-30 / Art. 12.2.8, p. 33**

> *"Avoiding combat during the last 15 seconds of the bout (ATO SHIBARAKU) will as a minimum result in HANSOKU CHUI and loss of SENSHU. (Article 10.4.16, Page 30)"*

Rule Justification: Exiting the area during ATO SHIBARAKU to avoid combat results in a minimum penalty of **HANSOKU CHUI**, not CHUI.

QUESTION 135

[TRUE]

Statement: "To correct a score given to the wrong Athlete, the Referee should turn towards the Athlete given the score in error, make the sign of TORIMASEN, and then give the score to the opponent."

Official Reference: **Art. 15.5.4(3), p. 43 / Appendix 1, p. 48**

> *"TORIMASEN Cancellation: A decision is annulled. The Referee crosses their hands in a downward movement... turn towards the Athlete given the score in error, make the sign of TORIMASEN, and then give the score to the opponent."*

Rule Justification: Prescribed refereeing procedure to correct a score mistakenly assigned to the wrong competitor.

QUESTION 136

[TRUE]

Statement: "If an Athlete scores with a well-controlled CHUDAN kick, then accidentally punches his opponent in the face causing a slight injury, WAZA-ARI and a warning should be given."

Official Reference: **Art. 8.3, p. 21 / Art. 10.4.1 & 10.4.2, p. 28**

> *"Only the first correctly executed technique of an exchange will score... Any technique that results in injury can, unless caused by the recipient, be warned or penalized. (Article 10.4.2, Page 28)"*

Rule Justification: Both actions are recognized: the controlled kick receives WAZA-ARI, and the subsequent contact causing injury receives a warning.

QUESTION 137

[FALSE]

Statement: "If an injured Athlete has been given medical treatment and the Official Doctor says that the Athlete can continue fighting the Referee cannot overrule the Doctor's decision."

Official Reference: **Art. 7.10(d), p. 21 / Art. 15.3.1(5), p. 42**

> *"When the Referee considers that one or both of the Athletes cannot continue with the bout owing to injuries, illness or other causes, in accordance with the Tournament Doctor's opinion, the Referee will decide whether the bout should be continued. (Article 7.10 d, Page 21)"*

Rule Justification: While a Doctor's decision of 'unfit' cannot be overridden, if the Doctor clears an athlete to continue, the Referee retains the autonomous right to halt the bout if safety is jeopardized.

QUESTION 138

[TRUE]

Statement: "The Referee can stop the bout even if the Judges do not signal."

Official Reference: **Art. 7.10, pp. 20-21 / Art. 15.3.1(5), p. 42**

> *"The Referee will stop the bout by announcing "YAME"... When, in the opinion of the Referee, there has been a foul committed – or the situation calls for halting the bout for safety reasons... For any other reason that the Referee deems necessary. (Article 7.10, Page 21)"*

Rule Justification: The Referee possesses full authority to call YAME for fouls, injuries, uniform adjustments, or safety without requiring prior Judge signals.

QUESTION 139

[TRUE]

Statement: "Once WAKARETE is called by the Referee the Coaches do not have the opportunity to make a video review request unless the techniques happened before WAKARETE was called."

Official Reference: **Art. 14.16, pp. 41-42**

> *"Once WAKARETE is called by the Referee, the Coaches do not have the opportunity to make a video request, unless the technique happened before WAKARETE was called. (Article 14.16, Page 41)"*

Rule Justification: Verbatim quotation from Article 14.16 governing Video Review protocols.

QUESTION 140

[TRUE]

Statement: ""Avoiding Combat" refers to a situation where an Athlete attempts to prevent the opponent from having the opportunity to score by using time-wasting behaviour."

Official Reference: **Art. 9.1.1(9), p. 23 / Art. 10.4.16, p. 30**

> *"Avoiding combat as a means of preventing the opponent from having the opportunity to score. (Article 9.1.1.9, Page 23)"*

Rule Justification: Exact definition under prohibited behaviors: preventing scoring opportunities through time-wasting tactics.

QUESTION 141

[TRUE]

Statement: "TSUZUKETE, unless preceded by WAKARETE, is not used if there is less than 15 seconds left of the bout."

Official Reference: **Art. 10.1.4, p. 26**

> *"TSUZUKETE, unless preceded by WAKARETE, is not used if there is less than 15 seconds left of the bout. (Article 10.1.4, Page 26)"*

Rule Justification: Verbatim quotation of Article 10.1.4.

QUESTION 142

[TRUE]

Statement: "In team matches if two Athletes injure each other and are unable to continue, and the score is equal, the Referee will announce HIKIWAKE."

Official Reference: **Art. 11.3, p. 32 / Art. 12.2.4, p. 34**

> *"If two Athletes injure each other or are suffering from the effects of previously incurred injury and are declared by the Tournament Doctor to be unable to continue, the bout is decided as one normally would at full time. In Round-robin and Team bouts, HIKIWAKE will be given... (Article 11.3 & 12.2.4)"*

Rule Justification: Mutual inability to continue due to injury results in decision as at full time; tied team bouts end in HIKIWAKE.

QUESTION 143

[FALSE]

Statement: "If there are less than 15 seconds of bout time remaining and a losing Athlete, desperately trying to equalise, exits the area (JOGAI) the Athlete will be given a minimum of HANSOKU CHUI."

Official Reference: **Art. 10.4.13 & 10.4.16, pp. 28-30**

> *"The minimum warning for running away, avoiding combat and/or time-wasting during ATO SHIBARAKU is HANSOKU CHUI... (Article 10.4.16, Page 30)"*

Rule Justification: The mandatory HANSOKU CHUI applies to avoiding combat and time-wasting. An athlete chasing a score who steps out in the heat of an attack is not avoiding combat and receives standard JOGAI.

QUESTION 144

[TRUE]

Statement: "Techniques which land below the belt cannot score."

Official Reference: **Art. 8.4, p. 21 / Art. 9.1.1(2), p. 23**

> *"The scoring areas are the body above the pelvis, up to and including the collarbone (CHUDAN)... and the area above the collarbone (JODAN). (Article 8.4, Page 21)"*

Rule Justification: Valid scoring targets are strictly above the pelvis. Attacks below the belt cannot score.

QUESTION 145

[TRUE]

Statement: "Techniques, which land on the shoulder blade, can score."

Official Reference: **Art. 8.4, p. 21**

> *"The scoring areas are the body above the pelvis, up to and including the collarbone (CHUDAN), excluding the junction of the upper bone of the arm with the shoulder blades and collarbones... (Article 8.4, Page 21)"*

Rule Justification: The back is a designated CHUDAN target; only the specific anatomical joint/junction of the arm with the scapula and collarbone is excluded.

QUESTION 146

[FALSE]

Statement: "If AKA accidentally kicks AO on the hip and AO cannot continue the bout, then AO will be given KIKEN."

Official Reference: **Art. 9.1.1(2), p. 23 / Art. 10.4.2, p. 28 / Art. 10.3.1**

> *"Attacks to the arms, legs, groin, joints, or instep are prohibited. (Article 9.1.1.2) / Any technique that results in injury can, unless caused by the recipient, be warned or penalized. (Article 10.4.2, Page 28)"*

Rule Justification: The hip is an illegal target. If an athlete injures the opponent with an illegal strike causing inability to continue, the offender (AKA) receives HANSOKU and AO is declared winner by disqualification.

QUESTION 147

[FALSE]

Statement: "If an Athlete is obviously out of breath due to lack of endurance, the Referee should stop the bout to give the Athlete time to recover."

Official Reference: **Art. 8.7, p. 22 / Art. 11.2, p. 31**

> *"A loss of breath by the recipient of a blow does not in itself indicate lack of control. (Article 8.7) / Athletes that are winded as a result of an impact or lack of stamina should not be given time to catch their breath. (Rule interpretations, Article 11.2)"*

Rule Justification: Referees must never halt matches or grant recovery intervals for fatigue or lack of cardiovascular endurance.

QUESTION 148

[TRUE]

Statement: "An Athlete who establishes a clear lead of eight points is declared the winner."

Official Reference: **Art. 7.7, p. 20 / Art. 12.2.1, p. 33**

> *"When an Athlete has been awarded a score that results in a lead of eight points or more, the bout is over. The winner is declared by the Referee raising a hand on the side of the winner and declaring "AO (AKA) NO KACHI". (Article 7.7, Page 20)"*

Rule Justification: A clear lead of 8 points immediately ends the bout and establishes victory.

QUESTION 149

[TRUE]

Statement: "When time is up, the Athlete who has scored the most points is declared the winner."

Official Reference: **Art. 7.8, p. 20 / Art. 12.2.1, p. 33**

> *"When time is up, the Athlete who has the most points is declared the winner, indicated by the Referee raising a hand on the side of the winner, and declaring "AO (AKA) NO KACHI". (Article 7.8, Page 20)"*

Rule Justification: Direct rule: the competitor with the higher points tally at the expiration of effective time wins the bout.

QUESTION 150

[FALSE]

Statement: "An otherwise correctly executed technique will be penalized if executed at the same time as WAKARETE has been called."

Official Reference: **Art. 10.1.5, p. 26**

> *"An otherwise correctly executed technique will not be given a score if executed at the same time as WAKARETE has been called, but will not be penalised. (Article 10.1.5, Page 26)"*

Rule Justification: Article 10.1.5 explicitly establishes that while a technique executed simultaneously with WAKARETE cannot score, it is not penalised.
