2. IN-DEPTH QUESTION-BY-QUESTION LEGAL ANALYSIS

Complete analytical entries for Questions 51 through 100 with exact rulebook citations and legal justifications.

QUESTION 51	[TRUE]
Statement:	***"In Cadet and Junior competition JODAN techniques are allowed to make "skin touch" provided there is no injury."***
Official Reference:	**Art. 8.8, p. 22 / Art. 8.9, p. 22**
Verbatim Rule Text:	*"For Cadet and U14 competitions, techniques to the JODAN area can score when stopped within 10 cm of the target for kicks and 5 cm for hand techniques, but may be delivered with light touch (skin touch), without causing impact... 'Skin touch' is allowed in all age categories."*
Rule Justification:	Skin touch without energy transfer or impact is explicitly permitted across all age categories, including Cadet and Junior categories, provided no injury or loss of control occurs.

QUESTION 52	[FALSE]
Statement:	***"In Senior competition a light touch is allowed for JODAN punches, and a greater tolerance is allowed for JODAN kicks."***
Official Reference:	**Art. 8.8, p. 22 / Art. 8.9, p. 22**
Verbatim Rule Text:	*"Techniques to the JODAN area can score when stopped within 5 cm of the target for kicks and 2 cm for hand techniques, but may be delivered with light touch (skin touch), without causing impact, with the exception of the throat area, where no physical contact is allowed."*
Rule Justification:	The regulations permit skin touch without impact equally for both punches and kicks; they do NOT grant any 'greater tolerance' of impact for kicks. Kicks must not cause impact or energy transfer.

QUESTION 53	[FALSE]
Statement:	***"An already qualified Athlete cannot be disqualified for misconduct (SHIKKAKU) at the end of the Round-robin."***
Official Reference:	**Art. 12.3.3, p. 35**
Verbatim Rule Text:	*"If an already qualified Athlete is disqualified for misconduct (SHIKKAKU) at the end of the Round-robin round, the semi-final opponent will advance to the semi-final by bye ('walkover')."*
Rule Justification:	The rule explicitly provides the direct procedural consequence when an already qualified athlete is disqualified for misconduct (SHIKKAKU) at the end of the Round-robin.

QUESTION 54	[TRUE]
Statement:	***"If a variation of the competition format other than described in the rules is to be applied for a particular tournament, this has to be clearly announced in the tournament bulletin."***
Official Reference:	**Art. 3.10, p. 15**
Verbatim Rule Text:	*"If a variation of the competition format other than described in these rules is to be applied for a particular tournament, this must be clearly announced in the tournament bulletin."*
Rule Justification:	Any deviation or variation from standard WKF competition formats must be officially published in advance within the tournament bulletin.

QUESTION 55	[TRUE]
Statement:	***"If an Athlete has been asked before the bout starts, and confirms wearing a groin guard, and it later proves that this is not so, the Athlete will receive SHIKKAKU."***
Official Reference:	**Art. 10.4.14, p. 29**
Verbatim Rule Text:	*"If an Athlete has been asked before the bout starts, and confirms wearing a groin guard, and it later proves that this is not so, the Athlete will receive SHIKKAKU."*
Rule Justification:	Falsely confirming the wearing of mandatory protective equipment when directly asked prior to the bout constitutes dishonesty and deliberate non-compliance, resulting in automatic SHIKKAKU.

QUESTION 56	[TRUE]
Statement:	***"When the Judges see a score, they will immediately signal it with their joystick or flag."***
Official Reference:	**Art. 1.7, p. 4 / Art. 15.4.2, p. 43**
Verbatim Rule Text:	*"The Judges shall carefully observe the actions of the Athletes and signal to the Referee an opinion when a score is observed. Each Judge will be equipped with a red and a blue flag or an electronic signal device."*
Rule Justification:	Judges are obligated to give their signals immediately using their allocated flags or electronic joysticks upon seeing a valid scoring technique.

QUESTION 57	[FALSE]
Statement:	***"The Referee Panel is composed of one Tatami Manager and three Tatami Manager Assistants."***
Official Reference:	**Art. 4.1.1, p. 16 / Art. 4.3.1, p. 17**
Verbatim Rule Text:	*"The Refereeing Panel for each bout shall consist of one Referee (SHUSHIN), four Judges (FUKUSHIN), one Match Supervisor (KANSA), a Score Supervisor, and, where video review is used, a Video Review Judge."*
Rule Justification:	The Tatami Manager and Tatami Manager Assistants are supervisory/supporting officials, not the Referee Panel itself, which consists of the Referee, 4 Judges, Kansa, and Score Supervisor.

QUESTION 58	[FALSE]
Statement:	***"The Referee Panel for each bout shall consist of one Referee, four Judges and one Match Supervisor."***
Official Reference:	**Art. 4.1.1, p. 16**
Verbatim Rule Text:	*"The Refereeing Panel for each bout shall consist of one Referee (SHUSHIN), four Judges (FUKUSHIN), one Match Supervisor (KANSA), a Score Supervisor, and, where video review is used, a Video Review Judge."*
Rule Justification:	Under WKF examination rules, this statement is false because it omits the Score Supervisor (and Video Review Judge where deployed), making it incomplete and therefore false in all situations.

QUESTION 59	[FALSE]
Statement:	***"If after the bout has started, an Athlete is found not to be wearing a gum-shield, the Athlete will be disqualified."***
Official Reference:	**Art. 2.2.14, p. 8**
Verbatim Rule Text:	*"Athletes that appear at the competition area with unauthorized equipment or irregular Karategi will be given two minutes to correct the attire..."*
Rule Justification:	The athlete is not immediately disqualified; they are granted a two-minute window to correct improper attire or missing mandatory equipment.

QUESTION 60	[TRUE]
Statement:	***"The Referee will give all commands and make all announcements."***
Official Reference:	**Art. 15.3.1(2), p. 42**
Verbatim Rule Text:	*"The Referee shall give all commands and make all announcements."*
Rule Justification:	Direct textual quotation: absolute authority to issue commands and make formal announcements on the Tatami belongs strictly to the Referee (SHUSHIN).

QUESTION 61	[TRUE]
Statement:	***"Duration of the Kumite bout is 1.5 minutes for under 14 years."***
Official Reference:	**Art. 5.1, p. 19**
Verbatim Rule Text:	*"Duration of the Kumite bout is: ... Under 14 years 1.5 minutes effective time."*
Rule Justification:	Article 5.1 explicitly defines the standard duration of effective fighting time for the Under 14 category as 1.5 minutes.

QUESTION 62	[TRUE]
Statement:	***"If three Judges signal a score for AKA, the Referee must stop the bout even if he believes they are mistaken."***
Official Reference:	**Art. 12.1.1, p. 33 / Art. 7.10(j), p. 21**
Verbatim Rule Text:	*"When two or more Judges signal a score for the same Athlete, the Referee will stop the bout and render the decision accordingly."*
Rule Justification:	The Referee is strictly bound to halt the bout when two or more judges signal a point for the same competitor; the Referee has no discretionary power to overrule a clear judge majority.

QUESTION 63	[TRUE]
Statement:	***"If two or more Judges signal a score for the same Athlete, the Referee must stop the bout."***
Official Reference:	**Art. 12.1.1, p. 33 / Art. 7.10(j), p. 21**
Verbatim Rule Text:	*"When two or more Judges signal a score for the same Athlete, the Referee will stop the bout and render the decision accordingly. Should the Referee fail to stop the bout, the Match Supervisor will blow their whistle."*
Rule Justification:	Whenever two or more Judges indicate a score for the same athlete, halting the bout immediately is a mandatory procedural requirement.

QUESTION 64	[FALSE]
Statement:	***"The timing of a bout starts when the Referee gives the signal to start and stops when the Referee calls "YAME" or when the time is up."***
Official Reference:	**Art. 5.3, p. 19**
Verbatim Rule Text:	*"The timing of the bout starts when the Referee gives the signal to start and stops each time the Referee calls “YAME", when two or more judges give the electronic signal for a score, or at the signal for full time."*
Rule Justification:	Under modern electronic judging, the match timer also stops automatically when two or more judges signal a score, not exclusively upon the verbal command of YAME or full time.

QUESTION 65	[FALSE]
Statement:	***"The Referee Panel shall consist of one Referee, four Judges, one Match Supervisor and one Score Keeper."***
Official Reference:	**Art. 4.1.1, p. 16 / Art. 4.3.1, p. 17**
Verbatim Rule Text:	*"The Refereeing Panel for each bout shall consist of one Referee (SHUSHIN), four Judges (FUKUSHIN), one Match Supervisor (KANSA), a Score Supervisor... 1 Score/Timekeeper shall be appointed [as supporting official]."*
Rule Justification:	The official panel includes a Score Supervisor (and VR Judge where applicable); the Score/Timekeeper is classified under supporting officials, rendering this statement false.

QUESTION 66	[FALSE]
Statement:	***"The Athlete's Coach is the only one allowed to make a protest."***
Official Reference:	**Art. 13.1.2, p. 37**
Verbatim Rule Text:	*"If a Refereeing procedure appears to contravene the rules, the Athlete's Coach or their official representative are the only ones allowed to make a protest."*
Rule Justification:	The official representative of the National Federation delegation is also fully authorized to lodge an official protest; thus, the Coach is not the sole entity.

QUESTION 67	[TRUE]
Statement:	***"If the Referee does not hear the time-up signal, KANSA will blow the whistle."***
Official Reference:	**Art. 15.5.1, p. 43 / Art. 15.5.4(21), p. 44**
Verbatim Rule Text:	*"Should decisions of the Referee and/or Judges not be in accordance with the Rules of Competition, the Match Supervisor will immediately signal by blowing their whistle... [including] for any other unforeseen situation that reasonably requires the bout to be halted."*
Rule Justification:	KANSA is equipped with a whistle specifically to intervene and stop the contest if the Referee fails to notice an administrative event such as the expiration of bout time.

QUESTION 68	[FALSE]
Statement:	***"The Athletes must only bow properly to each other at the start of the bout."***
Official Reference:	**Art. 7.4, p. 20**
Verbatim Rule Text:	*"The Athletes must bow properly to each other at the start and the end of the bout – a quick nod is both discourteous and insufficient."*
Rule Justification:	Athletes are required to execute a formal, courteous bow at both the start and the conclusion of the bout. The qualifier 'only' invalidates the statement.

QUESTION 69	[FALSE]
Statement:	***"In individual bouts an Athlete who withdraws voluntarily from the bout is declared KIKEN and an extra eight points are awarded to the opponent."***
Official Reference:	**Art. 6.2, p. 18 / Art. 6.5, p. 18**
Verbatim Rule Text:	*"In Team matches, the score for the bout not taking place will then be set to 8-0... In Individual Round-robin, the score for the bout will be set to 4-0... [In individual elimination, the Referee announces AKA/AO no KACHI]."*
Rule Justification:	An 8-0 score adjustment is applied exclusively in Team matches. In individual bouts, the score is either set to 4-0 (Round-robin) or decided as a walkover win without extra 8 points.

QUESTION 70	[TRUE]
Statement:	***"Awareness is the state of continued commitment, which endures after the technique has landed."***
Official Reference:	**Art. 8.5, p. 21**
Verbatim Rule Text:	*"ZANSHIN (Awareness) is described as a state of continued commitment in which the Athlete maintains total concentration, observation, and awareness of the opponent's potentiality to counter-attack."*
Rule Justification:	Awareness (Zanshin) is one of the six fundamental scoring criteria and requires sustained mental and physical readiness that endures throughout and after the execution of the technique.

QUESTION 71	[FALSE]
Statement:	***"If the organizer has a check-up of equipment before line-up, it is still KANSA's responsibility to ensure that the equipment is in accordance with the rules."***
Official Reference:	**Art. 2.2.14, p. 8 / Art. 4.3.2, p. 17**
Verbatim Rule Text:	*"...unless the equipment and attire has been checked beforehand by a WKF Controller... In competitions where Kansa Assistant is not applicable or available, it is KANSA`s responsibility to ensure that the equipment is in accordance with the rules before each bout."*
Rule Justification:	When equipment has been inspected beforehand by a WKF Controller or assigned Kansa Assistants, KANSA is relieved of conducting that initial routine inspection.

QUESTION 72	[TRUE]
Statement:	***"An Athlete who stays within the competition area can score on an Athlete outside the competition area."***
Official Reference:	**Art. 9.1.3, p. 24**
Verbatim Rule Text:	*"An Athlete staying within the TATAMI can score on an opponent that is exiting, or has exited, provided that the Athlete making the score remains within the TATAMI at the moment of scoring."*
Rule Justification:	A competitor who maintains valid contact within the competition area is legally permitted to score on an opponent who has stepped or exited outside the perimeter.

QUESTION 73	[TRUE]
Statement:	***"ATO SHIBARAKU means "15 seconds of bout time remaining"."***
Official Reference:	**Art. 5.4, p. 19 / Appendix 1, p. 47**
Verbatim Rule Text:	*"ATO SHIBARAKU A little more time left An audible signal will be given by the timekeeper 15 seconds before the actual end of the bout and the Referee will announce “Ato Shibaraku”."*
Rule Justification:	By rule, ATO SHIBARAKU translates to 'a little more time left' and is formally signalled when exactly 15 seconds of effective bout time remain.

QUESTION 74	[FALSE]
Statement:	***"ATO SHIBARAKU means "10 seconds of bout time remaining"."***
Official Reference:	**Art. 5.4, p. 19 / Appendix 1, p. 47**
Verbatim Rule Text:	*"The timekeeper shall give a signal, indicating “15 seconds to go” by one short burst with the buzzer... and the Referee will announce 'Ato Shibaraku'."*
Rule Justification:	The warning indicates 15 seconds of remaining time, not 10 seconds.

QUESTION 75	[FALSE]
Statement:	***"A "skin touch" to the throat is allowed only in Senior competition."***
Official Reference:	**Art. 8.8, p. 22 / Art. 9.1.1(1), p. 23**
Verbatim Rule Text:	*"...with the exception of the throat area, where no physical contact is allowed."*
Rule Justification:	Physical contact to the throat—including skin touch—is strictly prohibited across all categories, including Seniors.

QUESTION 76	[FALSE]
Statement:	***"If there are no points at the end of a bout in team matches the Referee will call for HANTEI."***
Official Reference:	**Art. 12.2.4, p. 34 / Art. 12.2.6, p. 34**
Verbatim Rule Text:	*"In Round-robin and Team bouts, HIKIWAKE will be given unless it is an extra bout to decide a match outcome. The only time HANTEI is applied to a bout in Team competition is for an additional bout to break a tie."*
Rule Justification:	Regular bouts in team matches end in a declared draw (HIKIWAKE) when scoreless; HANTEI is exclusively reserved for an additional tie-breaking bout.

QUESTION 77	[FALSE]
Statement:	***"If an Athlete has been asked before the bout starts, and confirms wearing a groin guard, and it later proves that this is not so, the Athlete will receive a warning or penalty for MUBOBI."***
Official Reference:	**Art. 10.4.14, p. 29**
Verbatim Rule Text:	*"If an Athlete has been asked before the bout starts, and confirms wearing a groin guard, and it later proves that this is not so, the Athlete will receive SHIKKAKU."*
Rule Justification:	Confirming equipment when not wearing it results directly in SHIKKAKU (disqualification from the tournament), not a warning for MUBOBI.

QUESTION 78	[TRUE]
Statement:	***"An Athlete can be penalised for exaggeration even if there is an actual injury."***
Official Reference:	**Art. 10.4.4, p. 28 / Art. 10.4.3, p. 28**
Verbatim Rule Text:	*"The Referee must continue to observe the injured Athlete... reveal any efforts by the Athlete to aggravate a slight injury for tactical advantage. An obvious display of exaggeration will receive a HANSOKU CHUI."*
Rule Justification:	An athlete who sustains a genuine injury but theatrically exaggerates or magnifies its effects to gain tactical advantage or induce penalties against the opponent is subject to penalty for exaggeration.

QUESTION 79	[TRUE]
Statement:	***"The Referee declares the winner, "AO (AKA) NO KACHI", and if necessary, breaks the tie in case of HANTEI."***
Official Reference:	**Art. 7.9, p. 20 / Art. 12.2.7, p. 34**
Verbatim Rule Text:	*"The Referee will thereafter raise their arm and declare the winner, “AO (AKA) NO KACHI”, and if necessary, by this action, break the tie."*
Rule Justification:	In a 2–2 split among corner judges during HANTEI, the Referee casts the deciding vote, thereby breaking the tie when declaring the winner.

QUESTION 80	[FALSE]
Statement:	***"In the event of a tied score at the end of an inconclusive bout the the Referee and the four Judges will decide the bout by HANTEI."***
Official Reference:	**Art. 12.2.1, 12.2.2, 12.2.3, p. 33–34**
Verbatim Rule Text:	*"The result of a bout is determined by... at equal score, having the first unopposed point advantage (SENSHU)... or the higher number of IPPON... higher number of WAZA ARI. Should the number of IPPON and WAZA ARI be equal, the decision will be made by HANTEI."*
Rule Justification:	A tied score is not decided immediately by HANTEI; SENSHU, IPPON count, and WAZA-ARI count take strict precedence before HANTEI can ever be applied.

QUESTION 81	[TRUE]
Statement:	***"If the Referee Panel has made a decision not in accordance with the Rules of Competition, KANSA will immediately blow his whistle."***
Official Reference:	**Art. 15.5.1, p. 43**
Verbatim Rule Text:	*"Should decisions of the Referee and/or Judges not be in accordance with the Rules of Competition, the Match Supervisor will immediately signal by blowing their whistle."*
Rule Justification:	It is KANSA's core duty to intervene immediately with a whistle whenever a refereeing decision or procedural action violates the rules.

QUESTION 82	[TRUE]
Statement:	***"An Athlete should not be penalized for being winded (loss of breath as a consequence of a technique) or simply reacting to an impact even if the technique merited a point by the opponent."***
Official Reference:	**Art. 8.7, p. 22 / Art. 10.4.4, p. 28**
Verbatim Rule Text:	*"A loss of breath by the recipient of a blow does not in itself indicate lack of control. An Athlete should not be penalized for being winded... or simply reacting to an impact even if the technique merited a point."*
Rule Justification:	Natural physiological reactions to legal impact do not constitute exaggeration or feigning injury and must not be penalized.

QUESTION 83	[FALSE]
Statement:	***"In team matches, there is no extra bout."***
Official Reference:	**Art. 12.5.2, p. 36**
Verbatim Rule Text:	*"If the two Teams have the same number of bout victories and points, then a deciding bout will be held. Each Team may nominate any one Athlete of their Team for the purpose of fighting the extra bout..."*
Rule Justification:	When teams are tied in both bout victories and total points in elimination competition, an extra deciding bout must be conducted.

QUESTION 84	[FALSE]
Statement:	***"Only the first correctly executed technique of a combination will score."***
Official Reference:	**Art. 8.3, p. 21**
Verbatim Rule Text:	*"Only the first correctly executed technique of an exchange will score, with the exception of an effective combination of techniques, in which case the highest scoring technique will count regardless of the sequence of techniques in the combination."*
Rule Justification:	In a combination of scoring techniques, the highest scoring technique is awarded regardless of whether it landed first or second.

Official Reference:	**Art. 8.7, p. 22 / Art. 11.2, p. 31**

Statement:	***"JODAN is described as the shoulders and the area above the collarbones."***
Official Reference:	**Art. 8.4, p. 21**
Verbatim Rule Text:	*"The scoring areas are the body above the pelvis, up to and including the collarbone (CHUDAN)... and the area above the collarbone (JODAN)."*

Statement:	***"HANSOKU will be given for the first instance of exaggerating an injury."***
Official Reference:	**Art. 10.4.4, p. 28**
Verbatim Rule Text:	*"A slight overreaction will receive a CHUI. An obvious display of exaggeration will receive a HANSOKU CHUI. A more serious exaggeration... may receive HANSOKU directly."*

Official Reference:	**Art. 8.7, p. 22**
Verbatim Rule Text:	*"Techniques to the CHUDAN area may be delivered with controlled impact without causing injury to the opponent. A loss of breath by the recipient of a blow does not in itself indicate lack of control."*
Rule Justification:	The rule explicitly clarifies that temporary loss of breath does not demonstrate a lack of control by the attacker.

QUESTION 92	[TRUE]
Statement:	***"An Athlete can be given HANSOKU directly for exaggerating the effects of injury."***
Official Reference:	**Art. 10.4.4, p. 28**
Verbatim Rule Text:	*"A more serious exaggeration, such as staggering around, falling on the floor, standing up and falling down again, and so on, may receive HANSOKU directly."*
Rule Justification:	Severe and blatant exaggeration of injury effects warrants immediate, direct disqualification (HANSOKU) from the bout.

Verbatim Rule Text:	*"Any technique that results in injury can, unless caused by the recipient, cause a warning or penalty."*

Verbatim Rule Text:	*"KANSA has no vote or authority in matters of judgments, such as whether a score was valid or not, unless there has been an error in the application of the rules."*
